Dearest Celine,

Well I am in Tooele - dry, hot place compared with Logan. "Henry" run like a top all the way down last night. There were no thumb-screws untill I got to Ogden; there you, I ate the lunch you made my self.

The church house had a great strain this morning because I went to church; the roof was stronger than it appeared to be because it didn't fall. While at church the dance directors roped me into helping them with M.L.S. Dances at Salt Air Beach next Friday night.

The pictures aren't ready because Sunday is a holiday for the developers. Soon as they are ready I will send you a duplicate of them.

Celine take care of your self and don't work over 84 hours a day.

Faithfully yours,
Edward Whipple
