Thanks Erling for the wonderful letter you wrote to me. When I seen it in the rack this afternoon my soul was filled with joy & woke out of the slumber.

Dad & Ruth was in today & went thru the temple with us. It was the longest session they have ever attended they say somewhere around 4½ or 5 hours, but it was well worth while. I never seen so much ~~very~~ beauty or listened to so much stillness in my life when in the midst of so many people.

Some fellow in the temple gave Dad a - well something anyway because while he was waiting for me to come out he was asked who he was waiting for. Dad told him he was waiting for his son who was going on a mission. The fellow said he didn't look any older than a missionary himself

When we come out of the Temple
all our gang had a head ache strong
enough to break our hate ~~but~~ because
the air was so close. Now the majority
of us are resting ~~during~~ our study
period.

Behave you are to be blessed because
of your ability to resist temptation. Even
when the powers of Evil ~~will~~ work on you to
get you off that straight & narrow path
you will see a light in the distance that
will strengthen your testimony.

Good night Angel, Thanks for the
wonderful faith you have in me. May
God remember us at all times.

Faithful & Lovingly Forever
Elder LeGrand.
