My Darling Erling,

Here is a few stray minutes that was designed for us to study but there is some other time that I should study.

They claim that today is the next to the biggest day of the church, because we go through the warehouse & the Temple, ~~and~~ a testimonial & a social this evening.

Time sure flies here it is the middle of Jan. already, the sooner we leave the sooner they say we will get back.

I have eaten 14 of those cup cakes I forgot, they sure are good.

They said something Dad & Ruth, that they were going to be in Salt Lake when the train pulls out. Sure wish you could be down to put maybe it is best that you don't because it will be easier for everyone,

I will be in Logan on the telephone
around 5:00 P.M. Wed. as you all ready
know. Nothing will stand in the way of
making that call.

Ernie please carry my sincere thanks
to Grandma. My heart is full of love to
you. My prayer is that nothing will ever
stand in the road of that love which is
in my soul for you.

Your Mother wrote a swell letter
to me today, she is surely good to us just
she.

Thanks for sending those papers to me
I will surely fill them in immediately
and return them.

May we ever have a desire to
serve the Lord, because his work is the
only truth in the earth. Ernie I am willing
to share anything that I have with you.
May the desire ever be yours to accept the
small bit I have to offer.

Good night Sweetheart, keep that
smile up at all times.

Ever Faithful to your cause
Elder Leland
