

Roundup, Mont.

Box 674

Dec 16, 1941

Dear Erlene,

Well our conference is over & but we found out that we would be in Roundup for another 2 weeks or longer. And our address will still be Box 674 - so long as we are in Roundup -

The Lord had was taken to the Veterans Hospital 2 weeks ago and since that we have had a little mouse peace & quiet in our room so we decided to stay here because neither one of us likes to move.

The weather seems to be fairly good in Roundup now for this time of year, but the old timers says that they expect

it this way till Xmas - then look
out they say - Many times the mercury
will drop to 20 below in an hour or so.

It certainly bore well old soul good
to attend conference and meet the people
and Elders of the District. Our Mission
Pres. stressed the Book of Mormon very
strong lately. The theme of our conference
was the Book of Mormon & every speaker
had a small contribution to make
to the conference, on the Book.

My companion is a real humming
bird - He sang Sat night & Sunday night
and captured the full show of when he
sang "Hear My God to Thee" -

Sunday night I had the extreme
pleasure of sleeping with our District
President again. He is surely a real fellow.
Someday maybe I will be a missionary

Nearly as good as he is, if I keep
plugging along -

Since we returned from Billings
we have been plenty tired & lazy but in
a few more days we will catch up on
the sleep we lost in our little trip.

One of the members up here really
has a name for her chocolate chip
cookies among the Elders of this Mission.
She made 14 dozen and sent them down
with us - well we will admit there
were a few left when we arrived, but
it didn't take those ^{cookies} that arrived long
to do the disappearing act. Ten of the
Elders can really tuck them away -

Well, sweetheart Dear, this short
vacation you are getting will be good
for you because a rest at short intervals
is good for everyone.

Good night for so long with lots
of love to you.

Faithful forever to you,
Elder Seeland.
