

Friday evening

Hello there this evening -

Your letter from Logan arrived this evening. I thank you for the letters that you send and keep them coming. I have a different type of job this evening. What they call C.Q. or charge of quarters. I'm down here in the office from about 10:00 to 24:00 or 6:00 P.M. till midnight -

I am not very well acquainted with the set up as yet but the general idea so far is to answer the telephone and be here - So here I am - the rest of the boys went out on a night problem. I might be missing something that will come in handy to me later on - or on the other hand may not -

By now I suppose you and the boy are back in Dayton. or did the Dr. change your mind for you. Say - here's one thing I want you to teach the boy - Teach him anything but Eulins when he is addressing you - M.A.M.A. or Mother is ten times better and sounds lots more respectful.

That is one thing that I like to see & that is a respectful child. The place for him to

Swan respect is in the home. before he reaches the
age of three. If he has respect in his system by
the time he reaches the age of three it will come
more natural for him when he gets older - and
it will be lots easier on everyone who is around.

Well just a little of my opinion that
would probably be better to forget but its in
my system and its bound to come out - Any way
So much for that.

Well. Maybe its time for me to sign off for now.
So will close for now with Lots of Love to you -

Smile Smile Smile.

Love to you both

LeGrand.
