

Monday evening -

My Dearest Wife and Son -

Guess how many letters reviewed from you this day? Two to be exact - but they have no doubt piled up for a day or two in the Post office some place - I just found out that if I don't get my letters in the box by a certain time they lay over till the next day - so that is the reason some of my letters are slow in coming.

I had the privilege of attending Church last evening. Many 25 Present and was it ever good to partake of the spiritual food that was there. Just like a Missionary meeting that we used to have in the Mission field.

As you can see by the stationary I am at the day room again this evening - The same cook bottles rattling - Pool balls & table tennis - Radio lots of chatter - Whistling and all that goes with it.

you asked me for a road map of Texas. As yet I haven't seen one around but I'll keep my eyes open & when ever I'm around. I saw some Soldier maps around that they had in book stores I never looked to see if Texas was there or not. Around camp they have lots of Texas maps so I never look in the book store & could see all of Texas that I wanted to from the bulletin board.

This letter is going to be short and sweet because this is the only piece of paper that I could get a hold of. Oh well I have been pretty lucky on my writing material. In the last month I have written more mail than I did in the five years that I have known you. And I have used only $\frac{1}{2}$ of a #4 tablet that I had to buy. The #50 clubs - The Day Room & the Service man's club have up till now had all the writing material that I have wanted.

Well so long for now Sweetheart - Sweet dreams - smile and keep the home fire burning & dream of you and my dreams are getting better all the time. So long for now with loads of love and best wishes to you & the boy -

Remember!! smile -
