

CAMP WOLTERS, TEXAS

Tuesday

Hello Dear Wife & Son -

How is my fine family this evening? I received a card from you this day in the evening mail.

This day we spent more or less gold bricking - cleaning our equipment and having clothing inspection Making sure that our mess gear & Rifle was rustless and everything Spik and Span -

You have been asking just how soon we will be getting home - But so yet ~~you~~ this fellow doesn't know a thing. As to the day but you know how much they clamped down on information Tely. honing etc when we received our Shiping orders from fort Douglas. Yes No one will be permitted to write or call or even see their friends for

A few days before we leave. So from
all I can say Don't look for me till
you see me coming. It might be
a month or two. Or it might be
a week. No one will be able to know
till we are on the way then at
that time they won't let us write a
letter or telephone so you can see
how it is.

Well its time for me to
sign off for this time. I still have
to do all my Personal Planning for the
evening and its Past 9:00 P.M. So
I'll say good night and get
busy.

Remember Keep Smiling.

Al Hand.
