~~Sept 10~~
9 Sept.

Dearest Wife and Son.

This is the second letter that I wrote for you this day. But I know that you are in the mood for as many letters as the Mail man will deliver so as there is no Sunday evening services this evening I will use the time to build a letter for a good cause.

I have written every thing that I know in the letters that I wrote last evening and this afternoon and nothing new has happened except I run into some green ink as you can see.

All in all you are pretty well
Posted on events as they roll
by. The Majorfest or Chiefest of
all was this Boot training Period
finished last evening. Everyone
is doing a lot of more or
less celebrating. Most or about
 $\frac{1}{2}$ of the fellows went to town
or down to the beer gardens
and took on a good charge.
A lot of fellows just stayed
around the barracks & read or
other jobs that needed doing.

We are all more or less
happy to know that this will
be the last Sunday together in
this hot dry state of Texas.
There will be a few fellows left
to keep things rolling along

So if something comes up that
this fellow has to stay in the
Place don't do too much worrying
I think that they permit us to
write telegraph & telephone after
we receive traveling orders now
that the war is over. So you
will be hearing from me pretty
regular.

Well you know my
mind is just as blank as
a Bomb Crater so I'd do well
to sign off. besides I am wet
with sweat.

So I'll be seeing you
my love and sweetheart.

Remember & smile
To Grand -
