

CAMP WOLTERS, TEXAS

10 Sept 45

Well, you are thinking, no doubt,
how come so many letters lately.
It is this way of it I'd have
a wife and son to think of I'd be
thinking the way lot of these single
fellows are thinking. So seeing as
how I am thinking of my sweetheart
and swell boy I can't help but talk
to them every occasionally.

By fore long now I will be
able to speak in Person and take
the boy on my knee and bounce him
around for an hour at a time or till
he gets tired. I am sure I have been saving
up enough energy lately so I can play
with him till he gets tired, or at
least till he gets tired for one day.

Say you know its a good thing
that you are an Idaho Girl and that
I put on my papers that I'm going to
Idaho to see my wife & son - Because
Selmond Baer from Providence and the
rest of the Utah Boys have their Trading
Papers slated for California & they have
to come back. Idaho fellows go to
Oregon & can stop off on the way &
gain a day or two over trading
time. I believe they are booked for
12 days home & I think they have
me booked for about 14 or 16 days.
I had the Orders in my hand all
afternoon but I plumb forgot.

Say you know it would be a
good deal to attend the Dedication of
the Idaho Falls Temple. While I am
home. I have looked forward to the deal

ever since I was in the Mission
field. Maybe we can make the right
arrangements to go to Idaho Falls
Temple. Should we be looking forward
to it? At least it is one of those
things that would be a good deal.

Well it's a long time from bedtime
but I'll sign off again at this time.
So keep smiling & I'll be seeing
you.

Yours Lovingly
