

#550,31 March

Greetings Dearest Wife & Son,

From this side of the good
old earth comes a few lines this
sabbath day - This morning I
spent a few hours down in

The message ~~center~~ center. Not really
working but just being there to
keep my mind occupied - I left all
my books in Yokohama and when
I arrived I found that here in Sendai
I have had more time to read than
I have in a long time -

Lots of spare time on my
hands but I have been trying to
keep myself a little busy at
reading the paper or books I
receive here & there.

This afternoon this fellow
has hopes of getting in on a short-

church session over at the
eleventh Air ~~borne~~ ^{Bourne} Infantry -
it is a good deal as you know
to be able to get in on a
little spiritual feast.

This morning we had a
short rain storm but it didn't
amount to much at all now
the sun is shining so no doubt
this being march still, we can expect
almost anything.

From the news that we are
receiving this Discharge deal still
look Rough - seems to me that
military leaders have power enough
in states to dictate what they want
and get it directly or indirectly.
Oh well one day in the not too

far distant future the clouds will
break and we will see the silver
lining. Incidentally the Radio is
playing "Look for ^{the} silver lining!"

Yes, we have every reason to
believe that some time things
will be a lot better looking -
well as you probably know
they can treat us rough but
they can't stop us from dreaming.
This fellow's dreams will come true
some day and when they do this
fellow will be there with you or
with you some place - I dream
of you more than you dream
do - Well its about chow time
so I'll sign off for now -

Remember Sweetheart & love

You - so long for now -

Your husband,

Le Grand -
