

#553-4 APRIL 46

Greetings Dear Wife & Sons -

While the radio is playing and the boys are tossing the the ox around I will set out to write a few lines for my sweetheart and sons. There hasn't been much happening this day except I had a big washing and put the jap girls after it this morning. It will be dry in a few days - They have two girls coming each day for 7 or 8 hours to keep this hut clean - I should say they have two girls for each hut. They sweep & mop - Shine these ugly old GI shoes - keep the clothes clean & pressed. Japanese girls 18 & 20 reminds one of 10 & 12 year old American girls - just little but they keep the place in order so that is something.

This afternoon I went over to the dentist once again - I made an appointment some two or so days back for an examination - When the Dr. looked at my teeth he decided one of them needed to be ground so he went after it. For an hour in a row he was busy and had me to make an appointment for next wed - This tooth deal is getting to be rough. Worse every time that I go to a dentist.

George Burns & Gracie Allen is coming in over
the radio at this time and they are playing a
tune "Say it with music". A radio is a quite a
device when you get to thinking how voice travels
over the air waves. Some day I want to learn more
about the radio deal. - maybe I will have a chance to
get something more when I get out of this mess on
the schooling program that the X Service men have
a chance to get in on -

As you probably know each X Soldier is entitled
to 4 years of school under the G.I. Bill of Rights - He is
entitled to \$500.00 per year tuition & fees - and \$95.00 per
month for living expenses - Perhaps things will be
able to be worked out some way -

Well its about time to close for this night
The noise old radio is still bringing in George & Gracie
they are going through their life's history for some one
& perhaps it will turn out to be the Insurance man -
instead of the Magazine Reporter.

In the mean time they are courting - Proposing
and on the honey moon - Reminds me of a lot of
pleasant days and happy times that I had in the
Henry etc. also in Montana with Mom & her son. Now
I am over on this side of the good old earth remembering
how much I love my little love birds & long to be back
in the love nest.
L. E. Land
