

#563 - 19 April -

Greetings Sweetheart -

And a few lines along a subject of interest to you me and everyone — yes a subject that we have been talking of for some time about a year in fact —

Last evening I received a telephone call saying to pack my bags & get ready to move homeward — So I did — then I am now on my last shift and it is about ended — I should report to the 4th Replacement Depot 11:00 AM this day —

About 20 or 30 days should see me a civilian again — Happy day Pleasant hot — And beautiful dream —

"Oh what a beautiful morning" in every sense of the word sweetheart —

Well so much for that — if you receive this letter before you see me you can stop the mail that you would send this way — usually — we will perhaps send you a wireless before

I have so the boys can start looking
for their dad before he walks in. —

Those letters Affidavits were what I
needed so thanks to the folks who had a
hand in it or in getting them —

So long for now Sweetheart —
Remember I love you —

Keep smiling
Leland —
